

School Supply List

July 2017

Dear Doull Families,

Thanks to a generous donation of school supplies, our increased use of computers in the classroom, and some savvy bulk shopping, we have an alternative to you having to go out and buy specific school supplies this school year. You do not need to purchase any school supplies **except a backpack**, all other supplies will be purchased by the school.

School supplies are \$30 per student paid to the school and we will use it for the supplies we need as we go.

Some of the reasons we do this are:

- Limit the amount of supplies you need to buy
- Limit how much we need to store in our rooms all year long, especially paper and kleenex that take up a lot of space and glue sticks that dry out, etc.
- We plan to use the Chromebooks (computers) for most of the writing that students will be doing in order to prepare them for state tests.
- We plan to have things color-coded so that students can stay organized and getting materials will be quicker for them this year.

As you know, this year registration will again be done online. You can bring your \$30 to school if you are planning to attend one of our open computer lab registration sessions, or you can pay at **Meet & Greet Night on Thursday, August 17th**. At our annual Meet & Greet we will have many staff members collecting school supply money and you will find out which teacher your child will have for the 2017-2018 school year. If any of the classrooms have leftover money it will be used for end of the year activities or field trips.

- \$5 will be going to our technology fee per student
- \$25 to cover the supplies needed in the classroom for the entire year.

Thank you from the Doull staff, we look forward to a fantastic school year with all of you!

SEE YOU AUGUST 17th FOR OUR MEET & GREET FROM 5:00-6:00PM
