

Summer Academy is:

Reading and Writing

You'll improve your reading and writing skills.

Learning

You'll learn about cool science topics like wild and endangered animals, zoology, ecosystems and bugs!

Activities

There will be activities to keep you active while you learn. You'll also make your own hardcover book to show off what you've learned!

Fun!

Our Summer Enrichment Programs give you the opportunity to participate in exciting activities like field trips, art projects, sports, STEM and so much more!

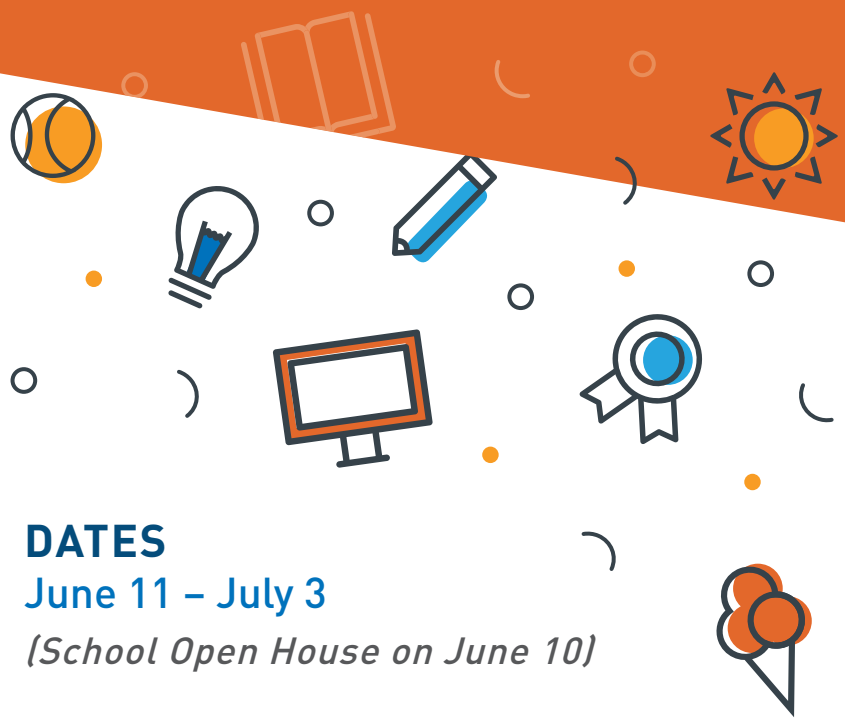

2019 DPS SUMMER ACADEMY Sign up today!

Summer Academy is the best way to make sure you are on track for success next school year! Eligible students will receive an invitation letter in February with their school location and registration instructions. Siblings of eligible Summer Academy students are invited to attend free full day Summer Enrichment Programming.

Parents - please register between Feb. 25 and Mar. 31 to guarantee your space and transportation, if eligible.
